Dear prospective parent and student:

The Kingshill School is an extraordinary learning community. Our program includes small classes that are under six students in most cases and twice-daily advising sessions. The faculty is experienced in working with different learning styles and knows how to capitalize on the individual strengths of each student. These program components help students transform their assets into classroom success.

Each student is valued for the unique gifts he or she brings. It is not possible to get lost in the crowd at The Kingshill School. Our close-knit community is one of the major characteristics that students, parents, and faculty tell us they love about being here.

To discover more about The Kingshill School, take a look at the application materials. Please contact the school office with any questions you may have, or to schedule a tour and interview. We look forward to meeting you.

Sincerely,

Janie Koopmans  
Director
