GOALS OF THE KINGSHILL SCHOOL

The students will:

1. Understand and address their unique needs as students with academic challenges.
 2. Acquire the necessary learning strategies and academic knowledge in order to return to “mainstream” schools, if so desired.
 3. Participate in a variety of activities which improve social interaction in the school and community.
 4. Increase self-esteem and competence by participating in a structured learning environment where limits as well as expectations are established.
 5. Learn to enjoy and appreciate diverse forms of creative, artistic expression.
 6. Learn to value physical fitness through participation in individual and group activities.
 7. Maintain emotional well being by recognizing and balancing both their strengths and limitations.
 8. Assume responsibility for their actions and understand the consequences.
 9. Select appropriate goals for post-secondary success by building upon their academic and personal strengths.
